# EAMENA TODO

Don't Git this folder/file: `git add -- . :!"TODO"` Convert MD to PDF:
`pandoc -s "C:/Rprojects/eamena-arches-dev/TODO/TODO.md" -s -o`
`"C:/Rprojects/eamena-arches-dev/TODO/TODO.pdf"`

Access

MFA authentification (v. connect)
IAM policies

Images

Restore the path of images

example: Search INFORMATION-0104667 https://database.eamena.org/en/report/0f7d56e4-df54-419f-b7ba-34f67d65bb14

Quality of information

Develop a Python function to model the quality of HP (or HR) with a radar diagram

https://github.com/eamena-oxford/eamena-arches-5-project/blob/master/eamena/statistics/hr_quality_rec.py
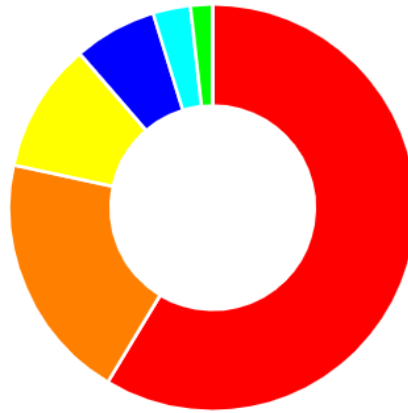

Spatial

Zoom

Max Zoom, recenter, etc.

- Keep the same level of zoom when clicking on the 'map' button

Today when click on the 'map' button, there's a de-zoom

example: Search 'Suq Sirmayatiya (Market)' = EAMENA-0166083
https://database.eamena.org/en/search?paging-filter=1&tiles=true&format=tilecsv&precision=6&total=336316
filter=%5B%7B%22inverted%22%3Afalse%2C%22type%22%3A%22string%22%2C%22context%22%3A%22%22%
